

# HOPE *worldwide* Nepal Project Report

May– June 2017

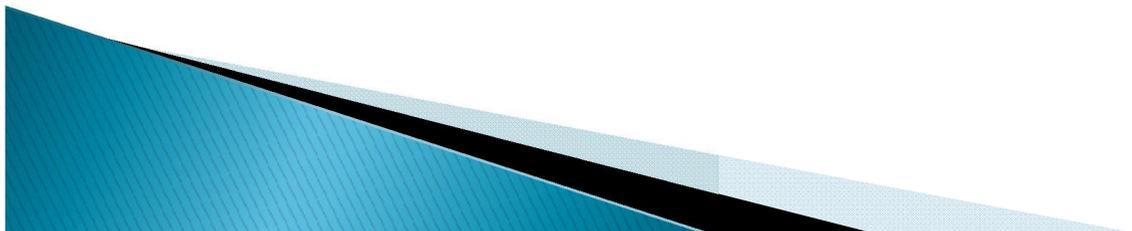

# Introduction of HOPE *worldwide* Nepal

HOPE *worldwide* Nepal is a non-profit charitable and non-sectarian organization, registered as a "Asha Sansar" under the District Administration Office in Kathmandu, Nepal and affiliated with Social Welfare Council Nepal.

The main objective of our organization is to empower disadvantaged & poor children through free education to primary level and Adults in our society through different vocational trainings.

We help & encourage children of our society to know their ability & quality by offering them extra-curricular activities like arts, competition, sports and community involvement. In this way we can help them feel confident in themselves and be a responsible part of society.

# Some Activities of the Programme

- ❖ Story of Radhika Neupane
- ❖ Computer Classes for the Children
- ❖ Visitors from Korea

## Story of Radhika Neupane

After graduating from the HOPE school she received a full scholarship in one of the best private schools. She is a brilliant student and completed her high school in management faculty. Her school took special interest in her progress and provided her with books, uniforms and other stationery. She passed her schooling with distinction.

Today, she now teaches at our school to support her education and family. Radhika is the eldest among four siblings. Her parents work as shopkeepers. In the year 2000, Radhika was admitted to the preschool class in the HOPE school. Her family did not have their own place to live. Her six member family had to share one room. (This section should come first) We appreciate her heart for offering to teach to HOPE. She encourages students to take their studies seriously. Radhika wants to become a professor. We wish her the best in her future endeavour.

# Computer Classes for the Children

Through the generosity of all our donors, many of the children are having the opportunity to gain experience with computers. This has opened up a new world of self-learning and self-development for them.

# Visitors from Korea

A team from Korea visited the school. They spent quality time with the children and provided them with Sketch books, pencils and nutritious candies. They encouraged the HOPE staff for their work. We are so grateful for their love for the children.

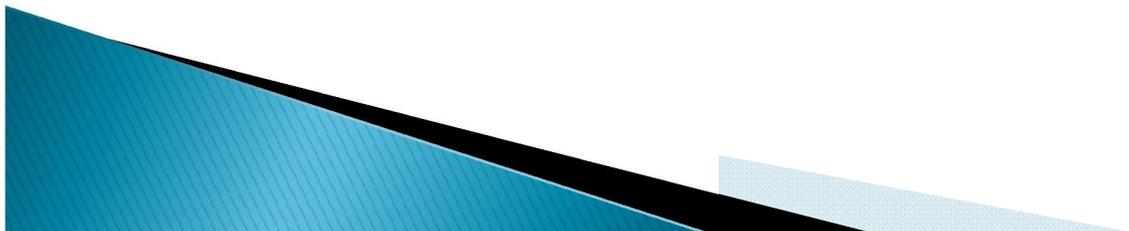

## Current Needs

In the running of primary school, there are always many needs. We wish to thank all our existing donors for their support and prayers.

Our dream is to extend the school from grade 5 to grade 6.

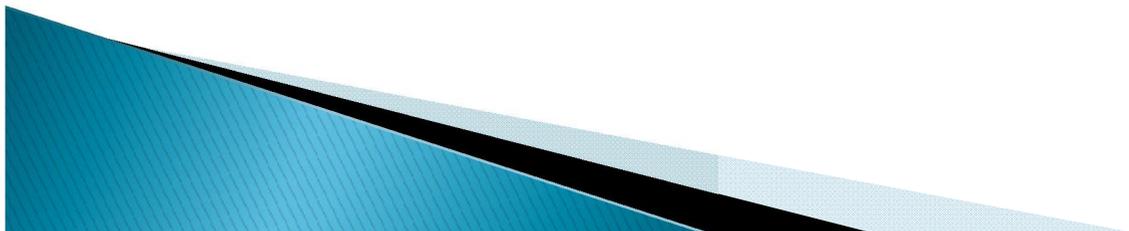

We also would benefit from having more computers so more children can have access to them.

We kindly request you to be our partners in meeting the needs of the children.
