

HOPE *worldwide* Nepal Project Report

September – October 2017

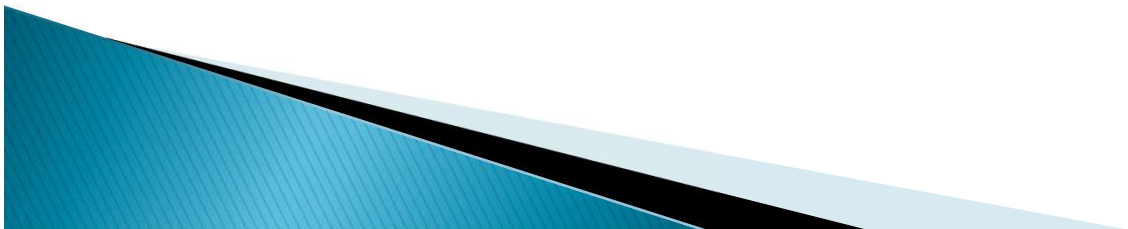

Introduction of HOPE *worldwide* Nepal

HOPE *worldwide* Nepal is a non-profit charitable and non-sectarian organization, registered as a "Asha Sansar" under the District Administration Office in Kathmandu, Nepal and affiliated with Social Welfare Council Nepal.

The main objective of our organization is to empower disadvantaged & poor children through free education to primary level and Adults in our society through different vocational trainings.

We help & encourage children of our society to know their ability & quality by offering them extra-curricular activities like arts, competition, sports and community involvement. In this way we can help them feel confident in themselves and be a responsible part of society.

Some Activities of the Programme

- ❖ Story of Sabin Tamang.
- ❖ Celebrating Children's Day
- ❖ Grade 4 & 5 Students Went To The "Natural History Museum".

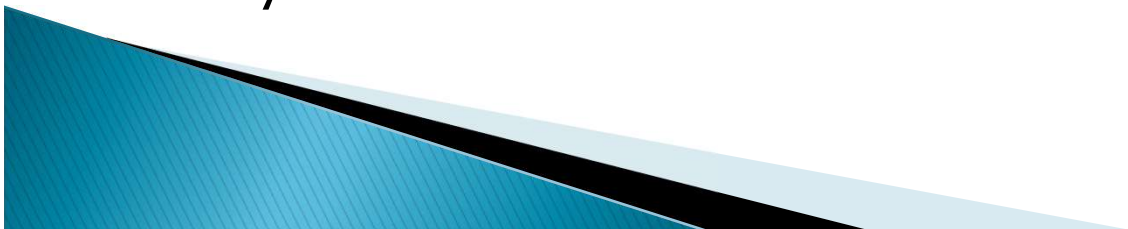

Story of Sabin Tamang

Sabin Tamang is 13 years old. He stays with his family in a rented house in Bohoratar. His father is a vegetable seller and mother is a housewife. Both his parents are uneducated. His father's income is very low. Sabin's father cannot meet all the needs of his family. They face the challenges of life every day. Sabin's father decided to educate his children but he did not know where to send them.

He came to know about Asha Vidhyashram School from one of our teachers. Sabin was enrolled in class 2 in HOPE School. Since then he has been doing great in his studies. Sabin upgraded to class 5 with excellent academic achievements. He wants to become an engineer. We wish him and his family all the very best.

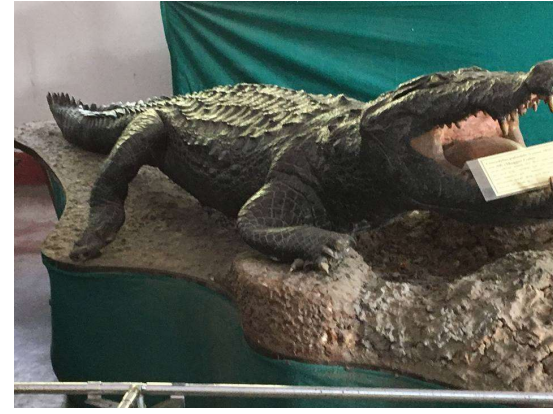

Celebrating Children's Day

We celebrated Children's Day on the 14th September. The children performed traditional dance and songs. We were so proud of the students as they confidently spoke in front of the staff and students about their dreams, and their gratitude at the chance to gain an education. They also played many outdoor games. At the end they were treated with snacks, sweets and juice. They thoroughly enjoyed the whole day.

Students of class 4 & 5 went to the Natural History Museum.

This was the first time the children of class 4 & 5 from our school went to the National History Museum which is at Swayembhu in Kathmandu. The images below portray the joy and exuberance of the children when they learnt about the country's natural history. They were also taught how animals and birds live and are adapted for survival. Thank you all for your support and prayers, without which this would not have been possible.

Current Needs

In the running of primary school, there are always many needs. We wish to thank all our existing donors for their support and prayers.

Our dream is to extend the school from grade 5 to grade 6.

We also would benefit from having more computers so more children can have access to them.

We kindly request you to be our partners in meeting the needs of the children.

Thank You!
